Concrete Overlays of Existing Pavements

This program will present the latest information on concrete overlay technology including pavement evaluation, selection, design and construction process details.

Presented by: Minnesota Concrete Forum

Friday, April 20, 2012

Hennepin Technical College - Brooklyn Park Campus

9000 Brooklyn Blvd (Room J 110) - Brooklyn Park, MN 55445

10:30 am	**Registration**
11:00 am	**Concrete Overlays**: Concrete overlays are increasingly being utilized as a cost effective and longer lasting pavement maintenance and rehabilitation strategy. Matt Zeller, P.E., Executive Director, Concrete Paving Association of Minnesota, will present a detailed overview of the pavement evaluation, selection, design, and construction processes connected with overlay application.
Noon	**Break & Buffet Lunch Service**
12:15 pm	**Concrete Overlays Continued**
12:45 pm	**Highlighted Overlay Projects**
1:00 pm	**Closing Remarks**

There is no cost to attend but you must register in order to attend the event! (Registration includes lunch.)

Attendees will receive a certificate for 1.75 PDH at the conclusion of the event. Each attendee will also receive a copy of National Concrete Pavement Technology Center's "Guide to Concrete Overlays" manual and other pertinent documents.

Register no later than Tuesday, April 17 by mailing your completed registration form to:

Minnesota Concrete Council - PO Box 116 - Rosemount, MN 55068
Or E-mail your registration to: margaret@mnconcretecouncil.com
Questions: Call Margaret @ 651-482-9549
